HOLIDAY SKILLS TRAINING

Our School holiday program started on Boxing Day 26th - 30th December. This program is well thought out by Robin and his team of tireless scrum ambassadors and was very successful for those that attended.

As we have reported on before, the money that SCRUM raises goes directly to life changing workshops like this one, that reaches far beyond the rules of passing and kicking a rugby ball.

AIDS awareness

Young girls hitting pads

Not only does the Skills holiday program get boys and girls off the street, it educates them on topics such as drug and alcohol abuse, health education covering topics from hygiene & correct gym training, to TB and HIV. With input from representatives from ANGAU, PNGRC, AFP, and other volunteers.

Activities varied from day to day, and generally started at 8:30am with 3 sessions throughout the day covering topics mentioned above as well skills training on the field.
